## About Us..

### Our Mission

The mission of Hoda Photography is to create lasting memories with passion and enthusiasm, in a way that has never been captured. To be dedicated to creativity, outstanding quality, exceptional service in photography and videography.

### Our Vision

We're in the business of making people smile when they look at their photos as a memorize. We see ourselves as a progressive photography business that is innovative, inspiring and inventive.

We want Hoda Photography to be the first name that people think of when considering their photographic or video-graphic needs in any event or advertisement.

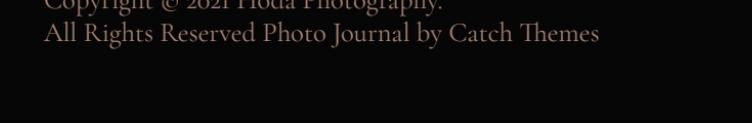

“The secret of getting ahead is getting started.” – Mark Twain

### Our Team

Mohamed Elshikh

He is a 34 years old orthopedist doctor. He worked as a fitness instructor and did masters in nutrition and owns 5 branches of the largest gym in Egypt. He found his passion in videography. Being a business owner and dealing with big marketing agencies and campaigns, he studied video production and improved his business. Then, he became a partner with Hoda photography business and they own now a big family business in different fields.

Hoda Elshikh

She is 38 years old. A photographer, videographer, accountant, fitness instructor, project manager and business owner. She started this business as she has an artistic talent from her family's videographic and photographic background. After she finished practicing her original career as an accountant. She started taking courses and professional programs in photography to improve her talent.
